- **LIFETIME MECHANICAL WARRANTY**
- **3 YEAR FINISH WARRANTY**
- **1 YEAR ELECTRICAL WARRANTY**

Product Warranty Information

This product comes with a **lifetime mechanical warranty** and a **three year finish warranty** to the original user of the K2 Commercial Hardware product against defects in material and workmanship as long as the original user occupies/manages the premises upon which the product was originally installed. The warranty **DOES NOT COVER** scratches; abrasions; deterioration due to the use of paints, solvents and other chemicals; abuse; or misuse, and **DOS NOT COVER** US10B/613 "Oil Rubbed Bronze" finish as it is a "Living Finish" and a change in appearance is the natural characteristic of the finish. This warranty **DOES NOT COVER** defects caused by improper installation or field modification. This warranty **DOES NOT COVER** the cost incurred in removing and installing a replacement product. Upon return of a defective product to K2 Commercial Hardware, K2 may repair or replace the product or refund the purchase price. K2 is not liable for incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state. If a mechanical or finish defect occurs, please call 866-590-2094 or return it to K2 Commercial Hardware at:

**19701 DaVinci

K2 Commercial Hardware by Stanley Black & Decker offers the finest in security, quality, styling and customer service to designers, architects and builders.

The K2 product line includes locksets, auxiliary deadbolts, exit devices and door closers to meet all your commercial hardware needs.

K2 has one goal in mind—to be known as the brand that is easy to do business with. K2's industry-leading frontline and support teams will make doing business easy in every respect – from products that make K2 the logical choice for architects, designers and builders, to a support system staffed by people who care.

Website

K2's best in class web site has been designed from the ground up with you in mind, and features unsurpassed ease-of-use, quick links to important information, and features like these to help make your job easier:

General Features:

- Full product line with supporting image library
- Competitive cross reference
- Electronic versions of all literature

Customer Specific Features:

- Password protected
- Access to customer and technical support

Visit now and experience K2 online. Just another way we're easy to do business with.
www.k2commercialhardware.com

Packaging

Packaging designed with the customer in mind.

- Compartmentalized packaging allows for quick and easy installation
- Improved productivity for the installer—installation completed more rapidly than the competition
- Increased quality control with all the parts being visible

 Fax: 1-866-493-4737

All sales are made by K2 only upon the following terms, conditions and submission of a written purchase order. Any additional or different terms or conditions set forth in any purchase order or similar communication are hereby rejected and shall not be binding or effective unless expressly assented to in writing by an authorized representative of K2.

1. PRICES

A. All prices are subject to change without notice and are not guaranteed. All orders will be shipped at prices in effect at time of shipment.

B. Prices stated do not include any sales, use or excise tax or any other tax, duty or charge which is now in effect or may be hereafter imposed by any Federal, State or other authority. All such taxes, duties or other charges shall be paid by customer unless the customer shall provide to us an exemption certificate acceptable to the appropriate authorities.

2. FREIGHT

A. All goods are invoiced FOB shipping point and responsibility will not be accepted for damages or pilferage. These claims should be submitted with proper documents to the delivering carrier.

B. **K2's standard policy is to pay freight charges on all orders \$3,000 list price or above** (accessories/parts: 300 lbs.) to a single destination in the continental U.S., by carrier and route of our choice. Shipments less than these quantities will not be shipped on a prepaid basis. Please see weight & measurements in the index of this price book.

C. Product is shipped by the carrier of our choice. If higher freight charges are incurred from customers specifying a carrier of route or their choice the additional cost will be added to that customer's invoice.

3. TERMS

Terms are 2% prompt payment discount for payment within 25 days from date of invoice, net 30 days from date of invoice.

4. ORDERS AND ACKNOWLEDGMENTS

A. The Company reserves the right to refuse orders which may be submitted without pricing or attached quote and all required information. Exception is made if K2 has on file the customer's written approval allowing K2 to process orders and refrain from short paying invoices because of any pricing discrepancies.

B. Acknowledgments are copies of your orders and should be checked by you. If something does not agree with your understanding, we should be notified at once.

C. If our customer shall become overdue on its account or otherwise defaults in any payment to us or if its financial condition shall at any time seem to us otherwise inadequate to warrant further shipment on an open account basis, we shall have the right, without liability, to refuse to accept any or all orders, to cancel any and all orders, to delay shipments to the customer, or to require advance payment before accepting or shipping any orders. All orders and all shipments are subject to approval by our Credit Department.

D. ALL SALES ARE FINAL.

5. ORDER CHANGES

Any changes made to special order items that occur 3 days or more after the order entry date will carry a longer lead time and may be charged a handling fee. The customer will be given the option of having the entire order shipped at a later date or the changed items shipped freight collect with the same discount as the original order.

6. MINIMUM CHARGES

Due to the expense involved in the entering, handling and charging for orders of low value, no invoice will be priced for less than \$50.00 net plus shipping charges, except for accessory parts.

7. SHIPMENTS

A. Upon delivery of shipments to the carrier, title to, and the risk of loss or damage in transit for, such shipments passes to our customer.

B. Orders will be filled to the extent of our stock on hand and any balance forwarded as soon as possible.

C. Shipping schedules are estimates only which cannot be guaranteed because of the nature of our products and material, labor and manufacturing conditions beyond our reasonable control. Under no circumstances shall we be responsible for any inability or delay in meeting shipping schedules or for any loss or damage (whether direct or consequential) resulting there from.

D. All goods are packed in quantities which our experience has shown to be the most convenient and suitable.

8. CLAIMS

Claims on prices must be submitted within thirty days from date of invoice. Price claims must be submitted in writing to: K2 Commercial Hardware, 19701 DaVinci, Lake Forest, CA 92610. Attn: Credit department.

9. RETURNED GOODS

No products may be returned without our prior written authorization. If a product return is authorized, our representative will provide you with a Return Goods Authorization form (RGA) for the returnable products. The RGA form must accompany the shipment of the returned products to us. If products were defective or were shipped in error a credit at the invoice price will be issued or replacement products will be shipped only after a thorough inspection of the returned products has been made by our representative and such inspection confirms that the products were defective or shipped in error. Please return defective products in their original packaging. We have no obligation to agree to the return of non-defective products properly shipped. If, in our discretion, we agree to the return of non-defective, properly shipped products: (a) you will be issued a credit based on the price in effect when the products are returned or at the invoice price, whichever is lower, less the cost of return freight; (b) we may apply a 30% restocking charge; and (c) returned products must be in their original package (master carton).

10. CANCELLATIONS

Cancellations will not be accepted on goods that are not regular stock (special order), which are in the process of being manufactured, or ready for shipment.

11. MATERIAL AND FINISHES

A. Specifications, weights, dimensions and descriptions are actual or careful estimates but are not guaranteed and are subject to change without notice.

B. We reserve the right to furnish materially equivalent substitutes for materials which cannot be obtained in sufficient quantities due to existing shortages.

C. Although we apply the finest protective coatings available to the plated surface of our products, brass, bronze, and other antique finishes have their limitations, and in time the protective lacquer may deteriorate from exposure to weather, perspiration, extremes of climate, frequency of use or other factors. Tarnishing or excessive wear of these finishes is, therefore, not a defect, but a normal process which is unavoidable. Therefore, unless a specific product warranty includes an extended warranty, the finish will not be repaired or replaced under our warranty for tarnishing or wear of finishes.

12. LIMITED WARRANTY

We issue different warranties for different products so that the warranty will match the performance of each product. We grant to our customers the same warranty granted to the ultimate consumer. The specific details of the warranty relating to each of the products to which these terms and conditions apply will be found with the product and in our product catalogue. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS AND IMPLIED. OUR LIABILITY TO OUR CUSTOMER IS LIMITED TO THAT STATED IN EACH SUCH WARRANTY AND UNDER NO CIRCUMSTANCES WILL WE BE LIABLE TO OUR CUSTOMERS FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. Please see warranty statement in the index of this price book.

For more information concerning any specific warranty contact us at:

Customer Service
K2 Commercial Hardware

Lake Forest, California 92610
(866) 590-2094

13. PATENT INDEMNITY

We agree to defend any suit or proceeding brought against our customer so far as based on a claim that our products, or any part thereof, made solely to our specifications and furnished to our customer constitute an infringement of any U.S. patent, if notified promptly in writing and given authority, information and assistance at our expense for the defense of same, and we shall pay all damages and costs awarded therein, against our customer, in case our products, or any part thereof is in such suit held to constitute infringement and their use is enjoined, we will, at our expense and discretion, either procure for our customer the right to continue using the products or replace same with non-infringing products, or modify them so they become non-infringing, or remove such products and refund the purchase price (less depreciation, prorated from the purchase date). The foregoing states our entire liability for patent infringement by our products or any part hereof.

14. DEFAULT

If our customer is in default under any order or contract with us or any of our affiliated divisions or companies, or if we at any time shall not be satisfied with our customer's financial conditions or responsibility, we shall have the right, without prejudice to any other legal remedy, of suspending deliveries until such default or condition is remedied.

15. ASSIGNMENT

Our customer shall not assign its orders nor any of its rights or obligations there under without our prior written consent.

16. APPLICABLE LAW

These Terms and Conditions of Sale and any subsequent sales agreements between K2 and customer shall be construed in accordance with the laws of the State of California.

17. WAIVER AND MODIFICATION

No waiver or modification of any of the terms and conditions contained herein shall be effective unless such waiver or modification is in writing and signed by an authorized representative at our offices in Lake Forest, California.

18. CERTIFICATION

We hereby certify that the goods covered by our invoice have been produced in compliance with the Fair Labor Standards Act of 1938, as amended.

March 23, 2010

Subject: **BAA and Stimulus Act Eligibility for K2 Products**

To All US Government Contractors:

Our K2 Door Closers, Exit Devices, Levers, and Deadbolts are "made-to-order" to meet the Buy American requirements for construction materials, under the American Recovery and Reinvestment Act of 2009 (Stimulus Act). These K2 products are eligible for use on construction projects funded by the Stimulus Act, as specified in the interim Federal Acquisition Regulations (FAR), effective on March 31, 2009.

In addition, for federally funded projects estimated at \$7.804 million or more, our K2 products made in Taiwan and South Korea (designated WTO Government Procurement Agreement countries) are eligible for equal consideration with US domestic products, under provisions specified in both the traditional Buy American Act (BAA) and the Stimulus Act.

If you have any further questions on this subject, please contact me directly at 949-672-4076.

Best regards,

A handwritten signature in black ink that reads "Alan Wander".

Customer Purchase Order#

K2/Order#

Enclosed is your acknowledgment for the above order.

We request your careful inspection of this acknowledgment. If it is not consistent with your purchase order, please advise us immediately with discrepancies. An order verification form is included on the next page for your convenience.

In order for us to meet our manufacturing 10 working day lead time, all orders must be confirmed within 24 hours of entry into our system.

A verification of approval or corrections are required within 24 hours of receiving this acknowledgement. A representative will contact you if this time period is exceeded. Late confirmations may result in an adjustment of your promise date.

Once verified and confirmed, we are unable to change or cancel your order. Should changes or cancellations be necessary, orders may be subject to a fee and adjustments made to your promise date. Adherence to this policy is required to meet our scheduled delivery projections.

We thank you for your cooperation and if you have any questions, please contact us at the phone or fax numbers listed below.

Key System Security Policy

The purpose of this security policy is to protect the key system integrity of our customer's facilities by *strictly enforcing* the K2 Commercial Hardware policies concerning key system information.

- No master key system information or security-related product is to be given or sold to anyone other than the Facility Owner through written correspondence.
- Verification must be submitted (fax copy will be acceptable) to Key Systems Administration.
- The verification must be on the Facility's letterhead and signed by a Facility-authorized system administrator. The letter must state the name, address and contact person to whom the information may be released. (Authorized Dealer)
- Our Customer Service department does not maintain "Letters of Authorization" on file.
- Each order must be accompanied by proper authorization.
- Only after the authorization has been verified will an order be processed for production.

This security policy includes the following:

- Bitting information (even one bitting, absolutely no top level master keys)
- Bitting lists (all formats; i.e., hard copy, disc)
- Pre-built Cylinders extending a system
- Master Keys and Construction Keys (any level)

No orders are to be processed through K2 Commercial Hardware Customer Service without proper written authorization. Only orders with appropriate authorization will be processed.

Requests for systems information without proper authorization from the Facility Owner will be denied. Requests for information regarding the purchase of any systems support products as listed above will be referred to the local authorized sales agency.

Refer to current price lists for additional policies and procedures as they relate to this security policy.

Please remember: The purpose for the establishment of any security system is to provide an increased level of protection for the Facility Owner.

Keying Descriptions

- KD** **"Keyed Different"** - Each lock has an independant cut. (Can also be incorporated into a custom keyed system)
- KA** **"Keyed Alike"** - Group of two or more locks with the same key cut. (Can also be incorporated into a custom keyed system)
- CK** **"Construction Keyed"** [a.k.a. Protecto Keyed (PK) / Builder Keyed] - Temporary builder keyed system used during the construction phase. (We employ the "lost ball" method of construction keying)
- CMK** **"Construction Master Keyed"** - Combination of a construction key system and permanent master keyed system.
- Maison**** **"Keyed Common"** or **"Keyed to Pass"** - Lockset is keyed in a manner such that several random change keys (user) are able to pass through a common area.
- MK** **"Master Keyed"** - Simple two level system; A group of locks (KD, KA or both) that are operated by a change (user) key and a single master key.
- GMK** **"Grand Master Keyed"** - Three level system where one GMK (grand master key) opens all locks. Sub-master key (MK) only opens locks within its assigned group. All individual locks have their own random change (user) key.
- GGMK**** **"Great Grand Master Keyed"** - Four level sytem where on GGMK (great grand master key) opens all locks in the keyed system. Two different GMKs (grand master keys) open only specific locks in system. Two or more MKs (sub-master) only open assigned locks under their assigned GMK. All locks have their own random change (user) key. *Note: this type of system limits security.*
- SFIC Ready** Prepared to accept a Small Format Interchangeable Core (SFIC).
- LC** Locks shipped **"Less Cylinder"**
- ZB** Lock built with **"Zero Bitted Cylinder"** packed with two key blanks.

Controlled Cross Keying

A condition in which two or more different keys of the same level of keying and under the same higher level key(s) operate one cylinder by design; e.g., XAA1 operated by AA2 (but not XAA1 operated by AB1)

Uncontrolled Cross Keying

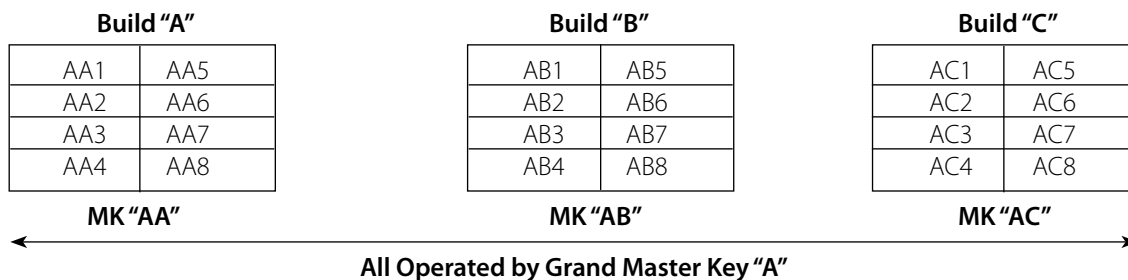

A condition in which two or more different keys under different higher level keys operate one cylinder by design; e.g., XAA1 operated by AB, AB1

NOTE: This condition could severely limit the security of the cylinder and the maximum expansion of the system when (1) more than a few of these different keys operate a cylinder, or (2) more than a few differently cross keyed cylinders per system are required. Uncontrolled Cross Keying is not recommended and often leads to key interchange.

* 6 pin keying is standard. KW can also be ordered with 5-pin option to match residential products.

** These multi-level keying systems may be limited when being requested with a 5-pin system.

how to order: Grade 1 Extra Heavy Duty Mortise Deadlocks

K2 Products are simple to order. Our numbering system follows a logical progression that enables you to make sure you get exactly what you need, the first time. We don't over complicate things, we keep it simple ... just part of being the "Easiest to do Business with"

If you have a question, feel free to call one of our customer service representatives, they are ready to assist you...866-590-2094

NOTES:

* KW, WE & SC available in either 6-pin or 5-pin

Example

If you ordered: QML 180 626 KW KD

You would get: Grade 1 Single Cylinder Mortise Deadlock, Satin Chrome Finish, Kwikset Keyway, Keyed Different.

QMS/QME
100 series
Grade 1 Extra Heavy Duty
Mortise Deadlocks

QML 180

Model/Series	Functions	Price		Case Quantity
		626	605 †, 606 †, 613, 619 †, 625 †	
QML180	Single Cylinder	\$225.00	\$235.00	10
QML182	Double Cylinder	\$255.00	\$265.00	10
QML184	Cylinder Only	\$190.00	\$190.00	10
QML186*	Classroom	\$230.00	\$235.00	10

NOTES:

† Consult factory for lead times on 605, 606, 619 & 625 finishes.

* Classroom function requires handed cylinder turn. Specify handing when ordering.

Prices include standard cylinders. Reference cylinder options for complete listing.

MORTISE DEADLOCK KITS

Mortise deadlock kits include case, instruction sheets & template, and case mounting screws.				
Model #	Description	Order Part #	List Price	QTY
ALL QML	Mortise deadlock case	8Q01051	\$110.00	1

ARMOR FRONT KITS (SPECIFY FINISH WHEN ORDERING)

Armor front kits include a finished armor front and installation screws.				
Model #	Description	Order Part #	List Price	QTY
ALL QML	Mortise deadlock armor front	8Q01039	\$8.00	1

STRIKE KITS (SPECIFY FINISH WHEN ORDERING)

Strike kits include finished strike and installation screws.				
Model #	Description	Order Part #	List Price	QTY
ALL QML	Mortise deadlock strike	8Q01034	\$7.00	1
ALL QML	Deadlock strike dust box, black plastic	8Q01085	\$5.00	1

QCL100 series

Grade 1 Extra Heavy Duty Cylindrical Levers

ELECTRIFIED OPTIONS (CONSULT FACTORY FOR LEAD TIMES)

Model #	Description	List Price Adder
QCL170EL	Electronically locked (fail safe). Outside lever continuously locked electrically. Unlocked by key outside, by switch, or by power failure. Inside always free for immediate egress.	\$246.00
QCL170EU	Electronically unlocked (fail secure). Outside lever continuously locked until unlocked by key or electric current. Inside always free for immediate egress.	\$246.00
QCL170X	Request to exit. Switch monitors inside lever rotation. Incorporates into alarm systems or in conjunction with an electromagnet.	\$215.00
QCL170ELX	Electronically locked (fail safe) with request to exit. Outside lever continuously locked electrically. Unlocked by key outside, by switch, or by power failure. Inside always free for immediate egress. Ability to tie into alarm systems.	\$406.00
QCL170EUX	Electronically unlocked (fail secure) with request to exit. Outside lever continuously locked until unlocked by key or electric current. Inside always free for immediate egress. Ability to tie into alarm systems.	\$406.00
8Q00314	Fail Safe / Fail Secure 24VDC Power Supply	\$615.00

Electrified Product Specifications

- Consult Factory for lead times.
- Electrification prices should be added to list price of lock.
- Standard door prep.
- Deadlocking latch.
- Key override allows key to retract latchbolt momentarily on electronically locked models.
- Inside lever always free for immediate egress.
- Continuous duty solenoids.
- Tie into alarm systems and electromagnetic locks.
- 12V AC/DC with .250 amp current.
- 24V AC/DC with .150 amp current.
- **Specify voltage when ordering.**
- Lifetime warranty on lock body; 1 year warranty on electric components.
- Uses power supply 8Q00314.
- Warranty: 1 Year Electrical.

Power Supply Specifications

- Consult Factory for lead times.
- Provides power for fail safe or fail secure locking devices.
- UL listed, US & Canada, Class 2.
- Filtered and regulated 24DC constant voltage.
- 2 AMP load capacity.
- Over voltage/short circuit protection.
- Surge suppression for locking devices.
- Interface relay to isolate the locking device current from the control switch.
- Auxilliary 24VDC constant voltage for powering stand alone devices such as keypads, motion detectors, status indicators, etc.
- Field terminal block set at 45° for ease of installation.
- Can power up to 12 24V Cylindrical fail safe/ fail secure levers - refer to installation manual for additional details.

48"	48" Device (Consult factory for lead-time)	Add \$30.00

QED100 series

Grade 1 Extra Heavy Duty Architectural Exit Devices

ELECTRIFIED OPTIONS (CONSULT FACTORY FOR LEAD TIMES)

Model #	Description	List Price Adder
QED__LR	Electrified Latch Retraction (LR) allows for the remote unlatching of exit devices. Continuous duty solenoids retract latches momentarily or for extended periods of time. <i>Requires</i> the use of K2 power supply 8Q00312 or 8Q00313.	\$695.00
QED__ED	Electrified Dogging (ED) allows continuous latch retraction and dogging simultaneously. ED requires first time mechanical activation after which the push bar will continuously hold the push bar and latch retracted. When power is removed or interrupted from the device, the latch bolt will extend and push bar will release. Uses power supply 8Q00314 (on page D-5)	\$595.00
QED__X	Request to Exit (X) is an SPDT (Single Pole Double Throw) switch which monitors the push bar of the exit device. The X switch can be used to activate a door alarm, control a magnetic locking device, shunt a door alarm or signal a control console when the push bar is depressed.	\$215.00
QED__LRX	Electrified Latch Retraction (LR) device with a Request to Exit (X) switch. <i>Requires</i> the use of K2 power supply 8Q00312 or 8Q00313.	\$850.00
QED__EDX	Electrified Dogging (ED) device with a Request to Exit (X) switch. Uses power supply 8Q00314 (on page D-5)	\$750.00

POWER SUPPLY OPTIONS (CONSULT FACTORY FOR LEAD TIMES)

Model #	Description	List Price Adder
8Q00312	Power supply for Electronic Latch Retraction Devices (LR/LRX)	\$725.00
8Q00313	Power supply with Day/Night mode for Electronic Latch Retraction Devices (LR/LRX)	\$825.00

Electrified Product Specifications

- Consult Factory for lead times
- Electrification prices should be added to price of device
- Continuous duty solenoids
- Tie into alarm systems and electromagnetic locks
- 24V AC/DC with .150 amp current
- Lifetime warranty on exit device; 1 year warranty on electronic components
- LR or LRX requires power supply 8Q00312 or 8Q00313
- Minimum door width 36"
- LR and ED requires the removal of mechanical dogging mechanism
- Options can be used in any Hex Dog or Fire Rated QED 100 Series Device (How to order example: QED111LR 36" 626)

Power Supply Specifications (10" x 10" x 4.25")

- 8Q00312**
- provides power for up to two LR or LRX devices
 - supplied with wiring diagram in detailed instructions
 - automatic door operator interface
 - Independent control of single exit devices (one or two single doors) or sequential operation of two devices (pair of doors)
 - field adjustable latch retraction time delay
 - 24VDC or 12VDC auxiliary power, unfiltered and unregulated
- 8Q00313**
- same as 8Q00312 with the addition of a day/night mode
 - provides separate input for retracting one exit device or two exit devices sequentially without activating the auto door operator. While the latches are held retracted auto operator can be activated independently from a different output.

QED100 series

Grade 1 Heavy Duty Exit Devices

Applications

Use with Rim Exit Devices on non-fire rated pairs of doors.

Product Specifications

- 11 Gage, 2" x 3" (51mm x 76mm) Steel mullion tube
- Utilizes standard rim cylinder (sold separately - see cylinders, keys & keying section)
- Latching top bracket allows mullion tube to be removed in seconds
- Standard shims included: 1/2" (13mm) and 5/8" (16mm)
- Non-Fire rated mullions utilize standard strikes
- Primer grey finish
